How will you use my links and keywords?

Billing and Orders · https://seobests.com/support/how-will-you-use-my-links-and-keywords/

We accept 1 url and up to 10 keywords per order. We use the links with the keywords that are added in the same order randomly, so if you want to use a specific link with a specific keyword, we recommend to divide them in separated orders. Also, if you want to boost multiple links, please make multiple orders.
