What’s the spam score of your sites?

Billing and Orders · https://seobests.com/support/whats-the-spam-score-of-your-sites/

Our service is focusing on Ranking on Google.
So we are usually focusing on the DA (domain authority) and be do-follow links most of our lists are less than a 3 spam score (and this is good in general). However, we are not caring too much about the site's spam score as we are focusing on getting the link in higher and higher DA, that is the important factor in fact.
